1. Introduction

CGASA is committed to providing its members the best possible environment to practice in. CGASA understands that on occasions, there may be instances of dissatisfaction and acknowledges that the cause(s) must be addressed and rectified promptly. The professional body therefore invites feedback from any dissatisfied member of the organisation so that a resolution can be found and as an opportunity to consolidate the feedback into a review and improvement of the CGASA's policies and processes.

CGASA endeavour to address any and all complaints in a fair, constructive and timely manner. The complainant or appellant has the right for their complain or appeal to be heard and for an impartial decision to be made at no cost to themselves. Appellants have the right to appeal any decision they are dissatisfied about. This policy and associated procedure supports CGASA to provide a process for complaints and appeals to be heard and actioned. All complaints and appeals received by CGASA will be viewed as an opportunity for further improvement and review.

2. The purpose of the policy

The purpose of this policy is to define the actions to be taken in the event that a complaint or appeal is received from members parties in regards to dissatisfaction with decisions related to for example disciplinary inquiry, or complaint about unfair treatments, poor services, etc.

This policy excludes complaints related to alleged illegal, fraudulent, financial, or regulatory issues, which shall be handled by proper authorities.

3. Scope of application

The policy covers two different scopes and types of complaints (defined by CGASA) outlined as follows:

- a) The complaints and appeals addressed to CGASA relating to a certified person or to the certification process, i.e., activities by which a certification body determines that a person fulfils certification requirements, including application, assessment, decision on certification, recertification and use of certificates and logos/marks, and the role of the Appeal Board in reaching a conclusive settlement on account of an appeal. This type of complaints is hereby referred as "**Certification Complaint.**"

- b) The complaints addressed to CGASA relating to overall operations of CGASA, or in other words the expression of dissatisfaction, made to CGASA services, procedures, policies, support, technology, representatives, overall operations, or the complaint handling process itself,

where a response or resolution is explicitly or implicitly expected. This type of complaints is hereby referred as “**Operations Complaint.**”

- The Complaint and Appeal Policy does not deal with alleged illegal, financial, or regulatory issues. For any complaint or parts of a complaint related to alleged illegal, financial, or regulatory issues, CGASA will respond by recommending that the complainant reaches the proper authorities and inform them that it will not deal with alleged illegal, financial, or regulatory issues. The only exception to this is if a complainant provides evidence that a legal decision has been rendered and asks CGASA to deal with it.
